FOREVER FREE VM Backup for your Hyper-V and VMware

Need to back up your virtual machines? Altaro VM Backup is a fast, affordable, high performance backup solution, specially developed for small and mid-market businesses. Providing an agile, streamlined solution that is easy to implement, **Altaro VM Backup** is the natural choice for Hyper-V and VMware data recovery.

- **Easy to use** – you can install and run your first virtual machine (VM) backup in less than 15 minutes
- **Powerful, fast centralised control** – monitor and manage all your installations from a single online console
- **Outstanding support** – lightning call response of 30 seconds or less
- **Unbeatable value** – avoid bloated prices

Download a fully functional 30-day trial of Altaro VM Backup (Unlimited Plus Edition) or download the **Free Edition**, free forever, for up to 2 VMs per host. Visit <http://bit.ly/altaro-classon> and see how easily you can securely back up your virtual machines.
